AVROMAK

PRODUCT CATALOGUE

AVROMAK

WHO WE ARE

"Avromak" LLC started operating in 2019 in Baku, Azerbaijan. The company's activity is based on providing the sale of the products manufactured by its own production facilities, including those for which they act as a distributor. The company delivers products to any region of Azerbaijan using its manpower and vehicles.

"The main goal of "Avromak" LLC is to enhance the range and quality of products it manufactures and distributes and it constantly develops them.

"Avromak" LLC consists of head office, warehouses, mill, production facilities and regional branches located in Baku. The company cooperates with different countries throughout the world and expands these relationships.

"Avromak" LLC, always aiming to be the best in its field, adopts the highest standards in the area of Occupational Health and Safety and pursues a mission to provide the safest environment for its employees. It aims to reduce the likelihood of accidents by providing a safer working environment for its employees through activities, such as occupational health and safety training, briefings, site supervision, and improving equipment and physical conditions.

“Avromak” LLC is one of the professional and experienced companies in the field of production, engaged in the production, retail and wholesale of a variety of meat and meat products, flour and flour products. With a friendly team and responsible approach, “Avromak” LLC is reaching its goals. The production area of the Italian Fava brand with the latest technologies covers 2500 square meters. Premium first grade wheat from 12,000 hectares of private land in Aghjabadi and Bilasuvar districts is processed in our factory in Baku and delivered to our customers.

OUR GOAL

Our main goal is to provide high-quality sales service to all trade points in the Azerbaijani market, to gain customers' favour and trust, and to use the latest and most modern tools for this purpose. Our activities also include collaboration with foreign manufacturers on distributorship. With a modern warehouse infrastructure and acting as a distributor of more than 100 of the world's leading manufacturers, we ensure our continuous development. The main target of the company is to provide effective service to all points of sale currently available in our country, to gain customer sympathy, and to use the latest and most modern tools in this direction. Our first priority is to consider our customers' and employees' opinion and ensure their satisfaction by solving problems as soon as possible.

EXPORT STRATEGY

“Avromak” LLC is one of the leading companies in Azerbaijan producing and exporting pasta, flour and meat products. Since its inception, Avromak has earned its reputation both domestically and internationally due to its principles of quality, product varieties and on-time delivery. Our company exports 90% of its products to foreign markets under its brands Favelli, Kelebek and Makara. A strong, young and dynamic export team participates in many exhibitions and events around the world and continues its activities following the goals and objectives of Avromak brands.

The countries to which Avromak exports its products include Jordan, Iran, Iraq, UAE, Syria, Nigeria, Libya, Indonesia, Malaysia, Thailand, Korea and Georgia. The company continues to develop its export network in the future. Avromak undertakes to always fulfill its obligations to its customers duly and on time.

FAVELLI

Ingredients:

Flour and water made of durum wheat. It does not contain preservatives, colorants and other food additives.

Method of preparation:

Boil slightly salted water. 1 L of water is required for 100 g of product and salt is added to taste. Boil the product over low heat until it is ready (7–10 minutes). Mix for the first 2–3 minutes.

Storage conditions:

To be stored in a clean and dry place at a temperature not exceeding 30°C, relative humidity not exceeding 75%. Protect from foul-smelling environment and prevent pest infestations.

Shelf life:

24 months
